Healthy Living

CLEANLINESS

Cleanliness is next to Godliness. Wash your hands before, after meals, brush your teeth twice daily and clip your nails once in a week without fail. Take a bath daily, wear clean clothes and keep your body fresh and germs free. Keep your classroom, wash room and other surrounding areas clean. Use dustbins to throw trash.

Rainy Season

Rainy season is a short period of the year that comes in July and August. People get relief from the scorching heat of the sun.

When the dark clouds appear, people are overjoyed and enjoy the first rain with smiling faces.

The roads become -a river of water ,trees look fresh and suddenly the weather becomes cool.

Farmers welcome the rain and thank the rain Gods. Rains are a blessing after the summer heat. We should enjoy the rainy season.

Just Joking

A little boy asked his father, 'Daddy, how much does it cost to get married?'

And the father replied, 'I don't know, son, I'm still paying for it!'

John to Sam: "Have you ever heard of the Suez Canal?"

Sam: "Yes, I have"

John: "Well, my father dug it."

Sam "That's nothing, have you ever heard of Dead Sea?"

John: "Yes, I have."

Sam: "Well, my father killed it."

Father to son after exam: "Let me see your report card."

Son: "My friend just borrowed it. He wants to scare his parents."

A little girl went to see the doctor. She had a pea in one nostril, a grape in the other, and a string bean stuck in her ear. She said to the doctor, "I don't feel good."

The doctor replied, "The problem is clear to me. You're not eating right!"

THE RAINY SEASON

The rainy season has come

It is time to have fun

Bathing in the rain

Eating hot Pakoras and fries

Makes rainy season a time never to forget

I love the tiny rain drops

Falling from the sky

Sailing paper boats in the water on the roads

Seeing sky covered with clouds

I pray everyday

For rain to come again.

Ask Annie!

Dear Annie- My younger sister is in Class IX. She is a very bright student who has become very careless and moody. She is not studying at all and reacts aggressively to whatever we say. What should we do?

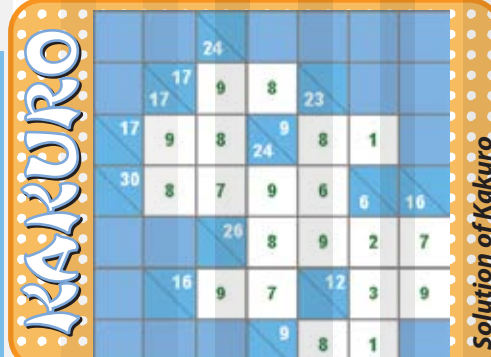

Dear One-Your sister is at a very sensitive stage in life - adolescence. At this age, they begin to start questioning who they are try and form an opinion about what they would like to be. It's time for her to forge an identity and make career choices. Mixed messages from the media, teachers, family and society at large add to the complexity and confusion already existing in her mind. This sudden change in her behaviour can be attributed to the influence her friends may have had on her. You and your parents need to get friendlier with her. Try and spend quality time with her and let her develop confidence in you to enable her to share her personal issues with you without any hesitation.
